MILLET BASED FOOD PRODUCTS

Cookies • Pastas • Noodles

Love at First Bite.

This is Our Story.

At Oxxyy Group of Companies, we recognized a growing need for products that go beyond temporary indulgence and contribute to long-term well-being. In an industry full of shortcuts and artificial ingredients, we sought to create offerings that deliver real value. With a focus on quality, sustainability, and health, we are committed to providing products that not only satisfy your needs today but also promote a healthier, more sustainable tomorrow.

XXYPRIL™

GROUP OF COMPANIES

Our Journey

At Oxxyy Group, we envisioned a world where every product fuels progress, health, and sustainability. We collaborate with local food companies specializing in ready-to-cook, vegan, and confectionary items, and partner with contract farming units to enhance the production of exotic fruits and vegetables. By focusing on innovation, we strive to deliver products that align with quality and sustainability.

Embracing the goodness of millet-based, gluten-free products, we are committed to providing nutritious and eco-friendly alternatives. Our dedicated R&D team integrates advanced technologies into our offerings and fosters transparent, long-term relationships with partners and clients, ensuring growth and exceptional results.

Millet Magic

A Healthy Twist to Indulgence

Millet-based products are nutrient-rich, gluten-free, and high in fiber, supporting digestion, heart health, weight management, and sustained energy while being naturally low glycemic. Known for their sustainability and wholesome benefits, millets are a powerhouse of nutrition. Infused with ***Ginkgo Biloba***, our millet cookies also boost memory, reduce stress, and keep you focused — a perfect brain-boosting treat!

At Oxxyy, we aim to inspire a community of like-minded individuals who believe in making better choices every day. Whether it’s selecting a nutritious, gluten-free millet snack, supporting sustainable farming, or embracing healthier habits like walking more and spending time in nature, we believe every small choice contributes to a better, healthier world.
